At least twelve of these congregations continued to pray 24hrs one day a month throughout the summer. Pastor Jean Burch, Chair of the CCC, reported that the deputy police chief had recognized how prayer significantly contributed to the relatively peaceful summer. Concerns of our having a very troubled summer did not materialize. A real praise!

Greater prayer, unity, and collaboration in the body of Christ ('The Church of Pasadena') –loving the Lord, each other, and Pasadena – will help to bless Pasadena further and also help the city experience more substantial and positive Kingdom led outcomes/transformation. Just 31 congregations each praying 24hrs on a particular date each month will ensure the city is covered with prayer for 365 days.
